

Sachet Packs and Cello-Wrapping Add a Special Touch

JKG Group provides a full spectrum of award-winning [product packaging services](#)—from graphic and structural design to printing, assembly and finishing. We manufacture packaging for a wide range of products, from cosmetics and personal care items to security systems, apparel, and other consumer packaged goods. In addition, we kit, fulfill, store and ship to businesses and consumers all over the world from our modern, air-conditioned 90,000-sq. ft. manufacturing facility in South Florida.

Complete Packaging Services from a Single Source

Recently, we've added exciting new packaging equipment that extends our product packaging capabilities—and gives you immediate access to useful new features and conveniences.

- *We now offer a wide variety of sachet packs, including product samples packets*
- *We now provide cellophane overwrapping for individual boxes and bundles of boxes*

Our newest investments enable you to enjoy the competitive advantages of single-source packaging services from the packaging experts at JKG Group.

Award-Winning Product Packaging

Custom product packaging is a JKG Group specialty. We've developed outstanding packaging for many well-known national cosmetics and beauty products firms—as well as for many creative entrepreneurs right here in South Florida.

JKG Group packaging won First Place in the [2018 Package Printing Excellence Awards](#), and has been featured in Packaging World, Cosmetics Design.com and other publications.

Versatile, Flexible Sachet Packs

Sachet packaging equipment gives us excellent versatility in packaging your creams, serums, tablets, capsules and powders. Many formulators and manufacturers are replacing rigid plastic packaging with smarter, flexible pouch packs. And small sachet packs are perfect for offering promotional samples.

Our [sachet packaging capabilities](#) include four-sided sealing, hole punch, perforation, lot and date code printing and more for all of the industry's most popular pouch sizes.

We can offer you faster turnarounds and lower minimums than other packaging companies.

Cellophane Overwrapping

Cello-wrap machines are ideal for over-wrapping product boxes to enhance and protect your investment. We can also spot-seal individual product boxes, and collate and bundle multiple boxes—offering extra luxury and additional product protection in storage and in store.

We offer a wide range of dimensions to meet virtually every need.

So, Which Features Do You Need First?

Individually or together, our newest capabilities will add excitement to your products and sharpen your competitive edge. Call for a quote today and let's get packing!
